Mantels from Forester Millwork

The fireplace is a focal point of any room and should be crafted with unsurpassed quality and care. Forester Millwork is proud to have developed a selection of high quality custom series made-to-order mantels to enhance the beauty of your customers' homes. Our mantels are easy to install - there are no kits to cut, adjust or assemble. Forester Millwork mantels are shipped from the shop to the jobsite fully constructed to your specifications. Only the return stops are shipped loose to be scribed and nailed. Installation is accomplished in a matter of minutes saving valuable finish carpentry time and cost.

Custom Series Mantels are Available:

- **Paint-grade** - using poplar, MDF and clear pine or poplar mouldings
- **Stain-grade** - using only the best clear pine
- In a variety of **hardwoods** of your choice with careful consideration to color and grain

Ordering Information

Please use the supplied mantel order sheet on Page 11 of this catalog, show all information and ensure information is accurate. Standard specifications shown on the following pages can be changed to accommodate special installation situations. Please consider the following when measuring for your mantel:

- Check local and state code for proper clearances
- Check for all obstacles such as electrical outlets and switches, baseboard heat, doors and windows, wall changes and gas controls on gas fireplaces.
- Check if masonry or marble is flush, extends or is recessed in wall

If you have any questions or for pricing, please call us at 978-486-0761 and we will be happy to assist you. When you are ready to order, please fax order sheet to 978-486-0762 for confirmation and leadtime.

Mantel Options

A Bookcase Option

Flank your custom mantel with classic bookcases. Available in any species and any width, our bookcases are an affordable way to upgrade the mantel wall in your homes, adding to its value and consumer appeal. Our standard bookcase configuration comes with six adjustable shelves.

B Overmantel

An overmantel, echoing the style of our custom mantels, is an elegant way to add more detail to a great room or formal living room. Overmantels can be made to complement any of Forester Millwork's custom mantels. Shown here is the Fairhaven.

C Breakfront Option

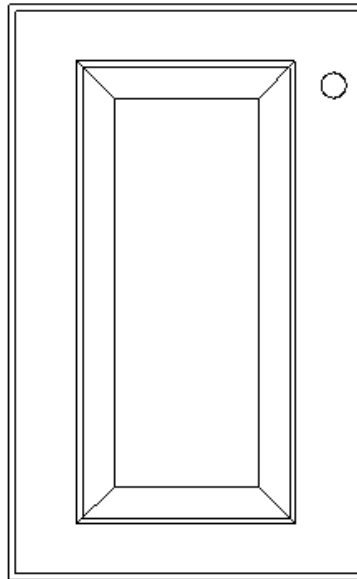

Adding breakfront cabinetry to your mantel wall is a beautiful way to create a focal point in your rooms. In addition to four adjustable shelves, the breakfront offers closed storage with a cabinet below including one adjustable shelf and countertop above. You can choose from several cabinet door styles.

All of our mantel options are priced according to size and species. All of our work is custom crafted for its given space. Your Forester Millwork salesman will be happy to provide a take-off and quote for you.

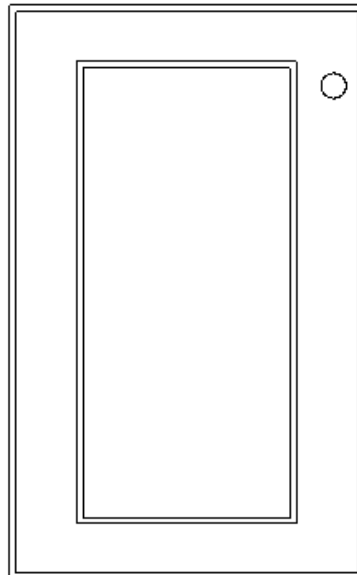

Door Panel Options

We offer two standard panel options for our breakfront doors: raised panel and flat panel. Other panel styles are available and can be quoted separately.

A Raised Panel Option

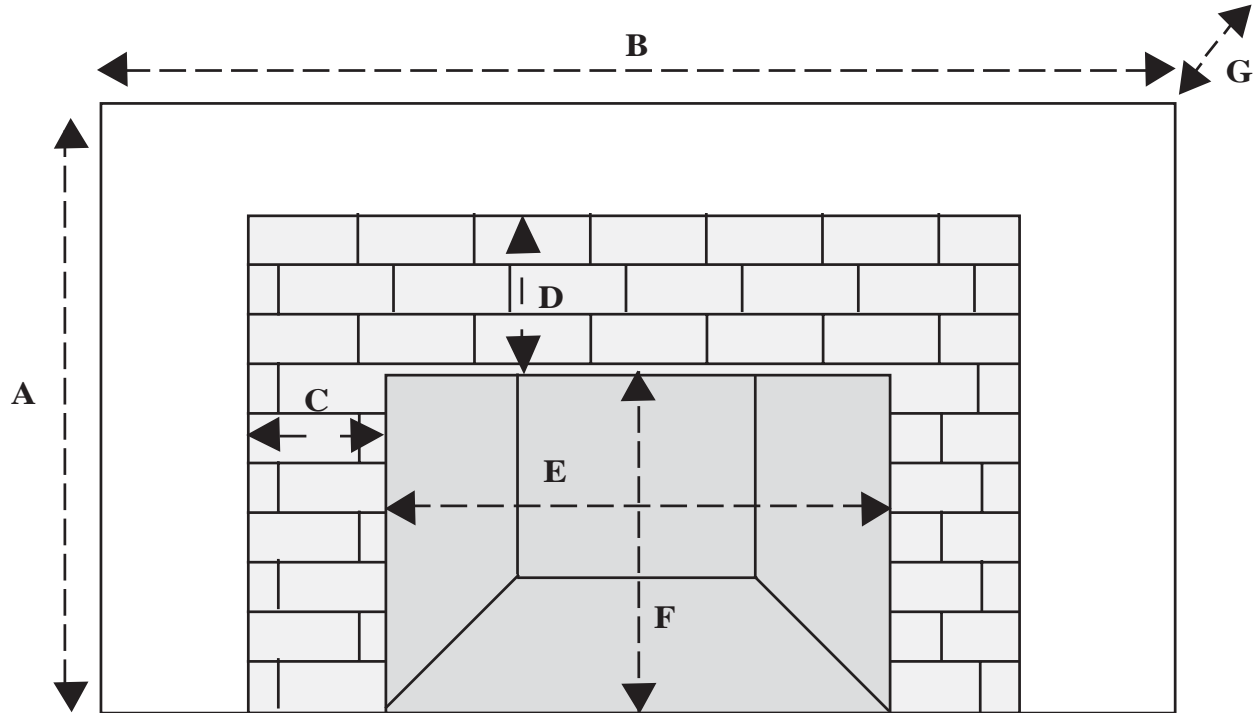

B Flat Panel Option

Mantel Order Form - Please fax to 978-486-0762

Please supply the eight measurements shown on this sheet in the spaces provided. If you have any questions, please do not hesitate to contact your salesman or Forester Millwork at 978-486-0761.

A = Available height of mantel wall

B = Available width to wall, window, niche, etc.

C = Brick show height (inches of brick showing after mantel is in place)
Default exposure is 8 inches.

D = Brick show width (inches of brick showing after mantel is in place)
Default exposure is 12 inches.

E = Firebox opening width

F = Firebox opening height

G = Depth of mantel wall, if applicable
